COURSEWORK

UNDERGRADUATE

Object Oriented Programming
Data Structures and Algorithms
Database Systems
Visual and Web Programming
Data Communications
System Analysis and Design

LANGUAGES

Bengali (Native)
English (Limited Working Proficiency)

HOBBIES

Problem Solving | Listening Music |
Traveling | Teaching.

POSITION OF

RESPONSIBILITY

Mentor
Programming Contest Club, CSE-UAP

SKILLS

PROGRAMMING

C++
Proficiency: Intermediate
Solved 750+ Problems with C++.
C
Proficiency: Intermediate
Solved 500+ Problems with C.
Overall Solved 1500+ Problems on Online Judges.

ACHIEVEMENTS

2023 Ahmed Zobayer Inter University Programming Contest, UITS
2022 2021 ICPC Asia Dhaka Onsite Regional Contest
2022 BUET Inter University Programming Contest
2022 UAP Intra Departmental Hackathon (Winner)
2022 UAP Intra University Programming Contest (Winner)
2020 UAP CSE Intra-Departmental Programming Contest

PROJECTS

SOMPRODAN (A Block-chain Based Crowdfunding Platform)

Flutter, Block-Chain (Working)

It's an online platform for crowdfunding. Trying to make a transparent and trust-able platform for donations and all the details of the organizations will be saved on Smart Contact. So all the Details will be Public.

BANKING MANAGEMENT SYSTEM

JAVA

Part of my Object Oriented Programming Course. Basic needed functions of the bank are present here with a very simple and user-friendly interface.

TAILOR LAGBE?

HTML, CSS, Python, Django

Worked on this Project in Intra Departmental Hackathon 2022. It's an online platform for tailors and general people where users can place their swing orders from anywhere and tailors can take orders nationwide via this platform.

UNIVERSITY PORTAL

HTML, CSS, Java Script, Python, Django

Part of my Visual and Web Programming Course. Implemented a University Portal along with University automated system that provides students and teachers a great facility like evaluation, registration, result, student attendance etc.

TIC TAC TOE GAME

C Programming

Part of my Introduction to Computer Science and Programming Methodology Course. Recreated the popular Tic Tac Toe game. Also added some additional features like saving game info, watching statistics, etc.

HOSPITAL MANAGEMENT SYSTEM

My SQL

Part of my Database Management System Course. Implemented a basic Hospital Management Database where hospital authority can store and manage all the needed data easily.
